Secure the light with installed C clips

Step 6

Wall Mount Installation

Step 1

1. Drill a hole in the wall
2. Insert the wall anchor (2).
3. Pull out the pre-buried wire in the wall through the mounting piece (4) and connect it to the power cord of the lamp (6).
4. Fix the mounting piece (4)to the wall and tighten it with the self-tapping screw (5).

Step 2

5. Move the lamp close to the mounting piece (6), plug the power cord back into the wall, and then snap the lamp into the hook of the mounting piece to complete the fixation.
6. Arrange the power cord (7) to complete the installation.
